Integrated Enrollment Intelligence: An AI-Powered Weekly Admissions Analysis Workflow

- ▶ **Built WCU's first recurring enrollment intelligence function from scratch** — delivering weekly segment-level admissions analysis
- ▶ **Six deliverables per weekly cycle:** data extract, executive report, interactive HTML dashboard, audio podcast, slide deck, and VC briefing email
- ▶ **Governance-first design:** formal IT Security and Legal review completed before any data was processed
- ▶ **Emerging impact:** new enrollment insights; institutional knowledge from a retiring Admissions Director captured in permanent analytical memory — continuity maintained
